

Congratulations you survived your first class! We hope your muscles don't ache too much tomorrow, and of course you enjoyed the class?

OMF is like having a personal trainer looking after multiple clients at once. Our instructors will keep you engaged and provide encouragement (and banter) to get you through the hour of training.

We hope that you continue to come to the classes to challenge yourself both physically and mentally. It is recommended that you try to attend at least three classes per week in order to see and feel a noticeable difference to your flexibility, fitness and well being.

Here at OMF our instructors are constantly evaluating your training and fitness progression. We have monthly fitness tests to ensure that your are training in the correct ability group, and quarterly social events providing the opportunity to get to know your fellow members off the training area.

Training in a group of like-minded people will ensure all OMF workouts are hard but fun, you will always be looking forward to your next class. If you have not done so already, you can keep updated on future events, or just interact with other members through our Facebook twitter pages.

We look forward to seeing you again soon...
